About Company :

Vishwang Electrospace is a reputed company, providing wide range electrical engineering solutions in Pune. We were established in the year 2012. Under the able guidance of our founder, Mr. Vitthal Deokar, we have grown leaps and bounds. Mr. Deokar earned his Electrical Engineering Diploma from the prestigious Bharati Vidyapeeth, and his degree from AISSMS's Institute of Information Technology, Pune.

Vishwang Electrospace is a government approved licensed contractor for MSEDCL and PWD. We have an expert team of 29 qualified & experienced engineers and technicians, who undertake Industrial, Commercial and Residential turnkey projects.

Our Vision & Mission :

Vision:

To raise and set new standards in quality, technology and service in the field electrical solutions and services.

Mission:

To be the most trusted name for electrical solutions and services for various industries, commercial setups and residential projects.

Our Values :

Honesty-

We serve our clients with the utmost honesty and integrity, providing reliable services at all times.

Trust-

We aim to build a trustworthy relationship with all our clients by giving them, great quality, and price.

Service-

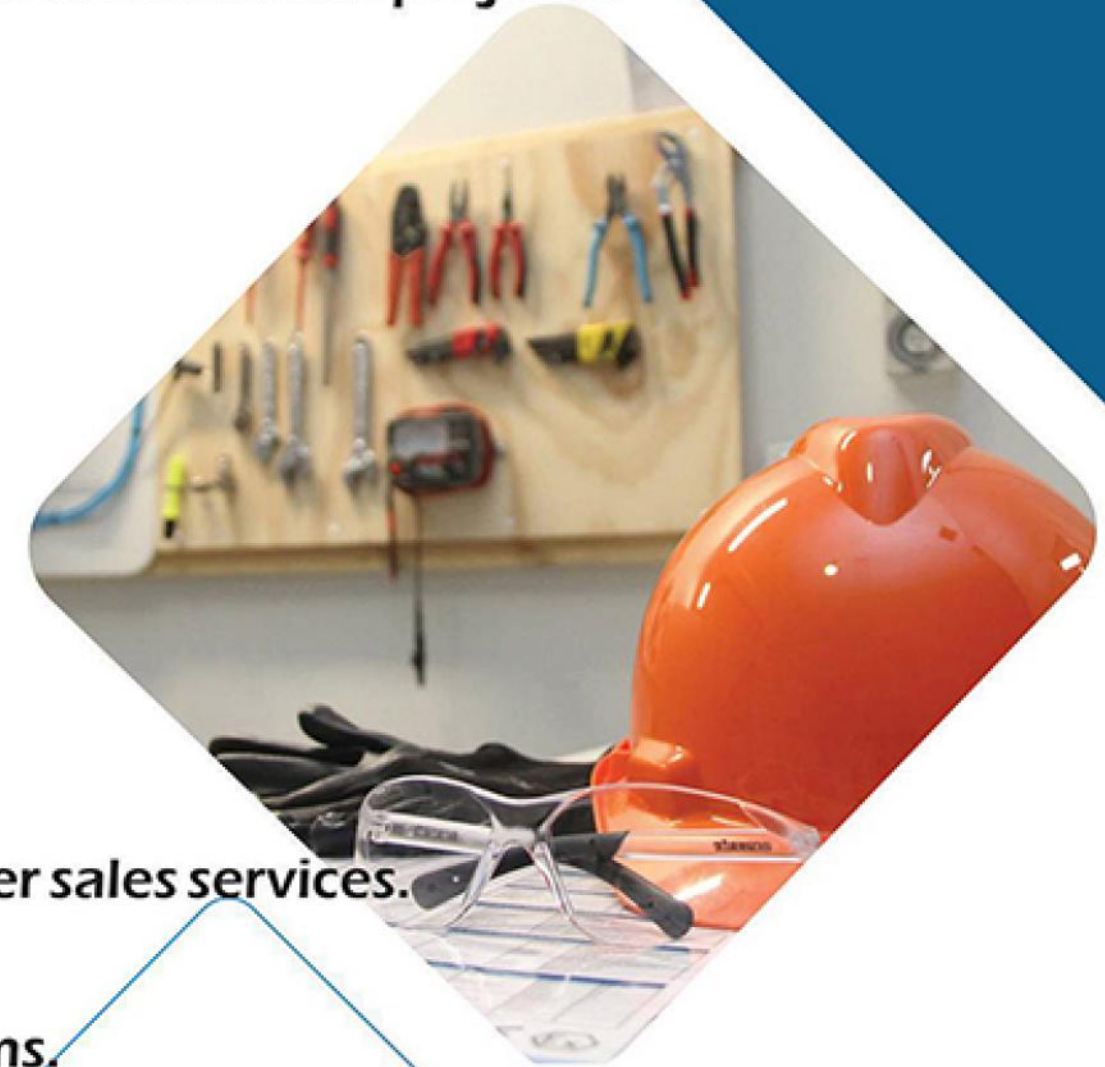

Clients look for great service, and that's exactly what we provide. We maintain relations through great after sales services.

Transparency-

We ensure utmost transparency in all our dealings. We deliver all that is promised on the agreed upon terms.

Technological Advancement-

We stay updated on technological advancement in our field, and make use of only the latest equipment and material for our clients.

Our Expertise :

We at Vishwang Electrospace, use only the latest in technology equipment and materials in all our installations. We also quality test our installations for safety and functionality. We are prompt and versatile in our services which has won us many clients across Pune.
